Best Practices & Tools for Diffusion MR Spectroscopy

20 - 24 September 2021, Leiden, the Netherlands

Scientific Organizers

- Francesca Branzoli, Paris Brain Institute
- Clémence Ligneul, Oxford University
- Chloé Najac, Leiden University Medical Center
- Marco Palombo, University College London
- Itamar Ronen, Leiden University Medical Center
- Julien Valette, Commissariat à l’Energie Atomique et aux Énergies Alternatives, France
- Neuratris, Commissariat à l’Energie Atomique et aux Énergies Alternatives, France

Topics

- Data Acquisition, Processing and Modeling
- Open-Platform and Data Repository
- Educational and Future Steps for the Field

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions, and interactions.

For registration, see: www.lorentzcenter.nl

Extracting brain cell specific microstructure from diffusion of intracellular metabolism. Reconstructed cells used for the background are courtesy of Marco Palombo. Poster design: Supernova Studios, NL.
