Beyond the Mobile-Cloud Computing Paradigm

31 May - 3 June 2021, Leiden, the Netherlands

Scientific Organizers

- Jan Rellermeyer, TU Delft
- Aaron Ding, TU Delft
- Suzan Bayhan, University of Twente

Topics

- Edge Computing and Resource Management
- Edge Security and Privacy
- Internet-of-Things and Edge Systems
- Edge Intelligence and Distributed Machine Learning

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions. For registration see: www.lorentzcenter.nl

To go beyond the mobile-cloud paradigm, we create an interdisciplinary community of researchers and engineers for unlocking the value of edge computing in research and education. Poster design: SuperNova Studios NL
