- Developing Green Strategies to Protect, Conserve and Restore Cultural Heritage Materials
- Industrial Implications: How to Unlock Sustainable Conservations?
- Define the Manifesto on Green Conservation

Scientific Organizers

- Arianna Traviglia, Italian Institute of Technology
- Giulia Franceschin, Italian Institute of Technology
- Alessia Artesani, Italian Institute of Technology
- Katrien Keune, Rijksmuseum and Van 't Hoff Institute for Molecular Sciences, University of Amsterdam
- Loïc Bertrand, École Normale Supérieure de Paris-Saclay and Université Paris-Saclay

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions. For registration see: www.lorentzcenter.nl

This workshop is part of the NIAS-Lorentz Program, which brings together perspectives from humanities & social sciences with natural & technological sciences.

Aiming for chemicals that are environmentally friendly in the preservation of cultural heritage - with help of the EU.
