

Life Around a Radio Star - Programme

Monday, the 27th of June

- 10:30 - Welcome from the Lorentz Centre
- 10:45 - Overview of the workshop goals & logistics - Joe Callingham
- 11:00 - Science Sparklers (2+1 min each)
- 12:30 - *Lunch*
- 13:30 - Radio observations of solar system planets - scaling to exoplanets
(Zarka, Griessmeier, Turner)
- 15:00 - *Coffee break*
- 15:30 - Discussion
- 17:00 - Wine and Cheese welcome drinks
- 19:00 - *Dinner with self-organised groups*

Tuesday, the 28th of June

- 09:00 - Discussion with coffee
- 10:00 - Radio observations of SPI and stellar coronae
(Pérez-Torres, Osten, Vedantham, Callingham)
- 11:00 - Discussion
- 12:30 - *Lunch*
- 14:00 - Observations of Ultracool Dwarfs and Brown dwarfs
(Kao, Villadsen, Pineda)
- 15:00 - *Coffee break*
- 15:30 - Discussion
- 19:00 - *Dinner with self organised groups*

Wednesday, the 29th of June

- 09:00 - Discussion with coffee
- 10:00 - Spectropolarimetry (Morin, Bellotti)
- 11:00 - Discussion
- 12:30 - *Lunch*
- 14:00 - Modelling of coronal and magnetospheric emissions
(Saur, Nichols, Kavanagh, Daley-Yates, Vidotto)
- 15:00 - *Coffee*

15:30 - Discussion

18:30 - *Bus leaves for dinner location in Noordwijk from the Lorentz Centre*

19:00 - *Workshop dinner at Zilt starts (beach location)*

22:00 - *Bus returns to Lorentz Centre, hotel Tulip Inn and Leiden Central Station*

Thursday, the 30th of June

09:00 - Discussion with coffee

10:00 - X-ray observations of stars (Guedel)

11:00 - Discussion

12:30 - *Lunch*

13:30 - Optical obs. of stellar activity
(Günther, Klein)

14:30 - *Coffee*

15:00 - Discussion

19:00 - *Dinner with self organised groups*

Friday, the 1st of July

09:00 - Discussion with coffee

10:00 - Exoplanet searches
(Pope, Damasso, Stefansson)

11:00 - Discussion

12:30 - *Lunch*

13:30 - Future collaborations/grants/proposals - discussion

14:30 - *Coffee*

15:00 - Discussion
