Manipulation and Autonomy
Beyond the Dichotomy

SciCm fic Organizers
- Michael Klenk, TU Delft
- Monika Betzler, LMU Munich
- Tom Dobber, University of Amsterdam
- Magda Osman, University of Cambridge
- Matthias Uhl, TH Ingolstadt

Topics
- Conditions for Autonomy
- Theories of Manipulation
- Correlates of Manipulation
- Manipulating and Being Manipulated
- Empirical Studies of the Autonomy-Manipulation Link

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions.

For registration see: www.lorentzcenter.nl

This workshop is part of our collaboration with NIAS and aims to stimulate research in the humanities & social sciences.

Empirically testing the relationship between autonomy and manipulation: is it a simple dichotomy, or is their relationship more complex? Poster design SuperNova Studios NL
