The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions.

For registration see: www.lorentzcenter.nl

This workshop is part of the NIAS-Lorentz Program, which brings together perspectives from humanities & social sciences with natural & technological sciences.

Automatic Classification of Occupation, Industries, and Job Tasks

21 - 25 August 2023, Leiden, the Netherlands

Scientific Organizers

- Peter Elias, University of Warwick
- Melissa Friesen, US National Cancer Institute
- Calvin Ge, TNO
- Susan Peters, Utrecht University
- Malte Schierholz, Ludwig Maximilian University of Munich

Topics

- Classifications and Applications
- Current Tools
- Best Programming Practices
- Strategic Roadmap for Development and Collaboration

These diverse objects can all be classified to the set of 'tools'. Can we use IT to do the same to classify jobs?
