_The contribution of music and rhythm to therapeutic, shamanic and religious applications of psychedelics._

---

**Wednesday, August 30th**

9.30-10.00  Recap of the previous day

10.00-10.45  Keynote Lecture: A Set & Setting Model for the 21st Century

10.45-11.15  Break

11.15-12.30  Theoretical sessions  
*Option 1: Beliefs and Placebo  
Option 2: Preparation*

12.30-14.00  Lunch + Poster presentations

14.00-15.00  Experiential sessions  
*Option 1: Meditation  
Option 2: Ceremony & Rituals*

15.00-15.30  Break

15.30-16.15  Open brainstorm sessions

16.15-17.00  Plenary reflection

18.00  Dinner

---

**Thursday, August 31st**

9.30-10.00  Recap of the previous day
10.00-10.45  Theoretical session
    *What measurements and methods can be used to assess set & setting?*

10.45-11.15  Break

11.15-12.00  Towards a research agenda 1: How Can We Measure Set & Setting?

12.00-12.45  Towards a research agenda 2: Which hypotheses about set & setting need to be tested?

12.45-14.00  Lunch

14.00-14.45  Towards a research agenda 3: How could science inform psychedelic practice?

14.45-15.30  Discussion groups

15.30-16.00  Break

16.00-17.30  Plenary session: A research agenda for psychedelic research

17.30        Field trip and dinner

---

**Friday, September 1st**

9.30-10.00  Recap of the previous day

10.00-11.00 Towards a European research network

11.00-11.30  Break

11.30-13.00  Discussion panel: Reflections on set and setting applied

13.00-14.30 Lunch

14.30-15.00 Workshop wrap-Up and farewell
