Scientific Organizers

- Violette Impellizzeri, Leiden Observatory
- Nienke van der Marel, Leiden Observatory
- John Carpenter, Joint ALMA Observatory
- Luke Maud, European Southern Observatory
- Andrey Barychev, Groningen University

Topics

- Scientific Opportunities in Star and Planet Formation
- Scientific Opportunities in Galaxies, AGN and Cosmology
- Calibration Strategies at High Frequencies
- The ALMA Wideband Sensitivity Upgrade
- Technological Developments and Focal Plane Arrays
- Synergies in Science and New Instrumentation

ALMA photo by ESO/Sergio Otarola. Poster design: SuperNova Studios.
