• Responsibility Framing in News Reporting
• Language Technology and Media Narratives
• Collaborations Between Academics, Journalists and Activists

The Lorentz Center organizes international workshops for researchers in all scientic disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions.

This workshop is part of the NIAS-Lorentz Program, which brings together perspectives from humanities & social sciences with natural & technological sciences.

News reporting is a matter of perspectives: everyone does it with their own lenses. Photo by Mauro Grigollo, newspaper background by Renée Saravati / Renphoto. Poster design: SuperNova Studios. NL.
