Topics

- Defining Landscape Biography
- Participation and Inclusion Including More-Than-Human Authors
- Landscape Biography in Education and Planning
- Incorporating Conflicting and Burdensome Landscapes
- Establishing Research Guidelines for Future Scholars and Practitioners

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions. For registration see: www.lorentzcenter.nl

This workshop is part of our collaboration with NIAS and aims to stimulate research in the humanities & social sciences.
