Workshop @omega

Hybrid Argumentation and Responsible AI

31 March - 4 April 2025, Leiden, the Netherlands

Scientific Organizers

- Khalid Al-Khatib, University of Groningen
- Jan Albert van Laar, University of Groningen
- Jodi Schneider, University of Illinois Urbana-Champaign
- Bart Verheij, University of Groningen
- Serena Villata, CNRS, Sophia Antipolis

Topics

- Argumentation Theory
- Argument Mining
- Computational Argumentation
- Human-Centric Artificial Intelligence

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions. For registration see: www.lorentzcenter.nl

This workshop is part of our collaboration with NIAS and aims to stimulate research in the humanities & social sciences.

'The ancient art of critical discussion shapes the future of human-machine collaboration.' Images: Naeblys, Brita Seifert and Sdecoret. Poster design: SuperNova Studios . NL
