

Intra-Cluster Light: Bridging the Gap Between Theory and Observations

7 - 10 April 2026, Leiden, the Netherlands @omega

Topics

- Cluster and ICL formation
- Galaxy evolution in groups and clusters
- Cluster dynamical activity
- Dark Matter distribution
- Stellar mass function
- ICL-friendly data reduction

Scientific Organizers

- Paola Dimauro, Osservatorio di Roma - INAF
- Mireia Montes, Institute of Space Sciences (ICE-CSIC)
- Henk Hoekstra, Leiden University
- Sarah Brough, University of New South Wales
- Nina Hatch, University of Nottingham

The Lorentz Center organizes international workshops for researchers in all scientific disciplines. Its aim is to create an atmosphere that fosters collaborative work, discussions and interactions. For registration see: www.lorentzcenter.nl
