

Sound Perception within Aerospace Design

1 - 5 June 2026, Leiden, the Netherlands @omega

Topics

- Perception-influenced design in aerospace engineering
- Aeroacoustic noise sources
- Psychoacoustics and human perception
- Sound auralization
- Open-source software in acoustics

Scientific Organizers

- Roberto Merino-Martinez, Delft University of Technology
- Antonio Torija Martinez, University of Salford
- Ingrid LeGriffon, French Aerospace Lab, ONERA
- Susanne Bartels, German Aerospace Center
- Lothar Bertsch, German Aerospace Center

This workshop is part of the NIAS-Lorentz Program, which brings together perspectives from humanities & social sciences with natural & technological sciences.
